PROSET AUTO GLASS TOOL

CALL 303-232-8788
VISIT www.prosettool.com

Designed to mimic an installer's natural setting motion for precision placement. The ProSet® allows for safe one-person sets, reducing costs and improving safety.

PROSET WINDSHIELD SETTING TOOL

- Set from either side of the vehicle, from the hood or even the roof.
- Guarantees an accurate set the first time without measuring or dry setting.
- Includes (2) 6" Woods Cups and (2) 3" Mini Suction Cups.
- Align the windshield glass with socket and slide the glass into position.

P/N: SettingTool

- Replicates an installer's natural setting motion without having to measure, template or estimate.
- Made with aluminum and stainless steel — lightweight and durable design.

VD-K.TOOLS

AUTO GLASS REPLACEMENT TOOLS

CALL 303-232-8788

VISIT vd-k.tools

The VD-K.TOOLS line was developed by 20-Year AGRR Technician Luis Hernandez and licensed exclusively to The PipeKnife® Company. These unique tools help to make installations safer and easier.

QUICKSET WINDSHIELD SETTING TOOL

The Quick-Set is a simple to install light-weight setting tool. Simply attach the glider roll system to the hood and attach the gap arm to the top of the glass to easily set almost any glass.

(WRD Cups not included)

P/N: QUICKSET

BACKSET REAR WINDOW SETTING TOOL

The Back-Set is the companion product to the Quick-Set. Attach the glider roll system to the roof and attach the suction cups to the glass to easily maneuver the back glass into place.

URETHANE CUTOUT KNIVES

THE ORIGINAL PIPEKNIFE®

CALL 303-232-8788
VISIT autoglass.pipeknife.com

Invented in 1987, the PipeKnife® was the first commercialized cutout knife. The PipeKnife® safely allows AGR technicians to reach tight spaces between the dash and glass or use as a urethane trimming tool.

THE ORIGINAL PIPEKNIFE®

Still the most popular design, the round-handle is available in 14" and 18" lengths.

- Blade storage in handle
- Insert ½" conduit to add custom length
- Add ScrewCaddy for extra screws & bits

Private Handle Label & Colors

Invented in 1987, the Original Pipeknife® was the first commercialized urethane cutout / long knife tool. Current owner Dell Skluzak purchased the patent and equipment in 1993, starting a family of brands with over a 1,000 parts of unique auto glass removal products and accessories.

Today the PipeKnife® Company includes REID Cold Knife Tools and Blades, VacuFlex, the VD-K Tool line of Quick Set tools and accessories, Frost Fighter Window Defrosting Repair Systems and Kits, Arctic Warmer Urethane Warming Bags, and ProSet Windshield Setting Tool.

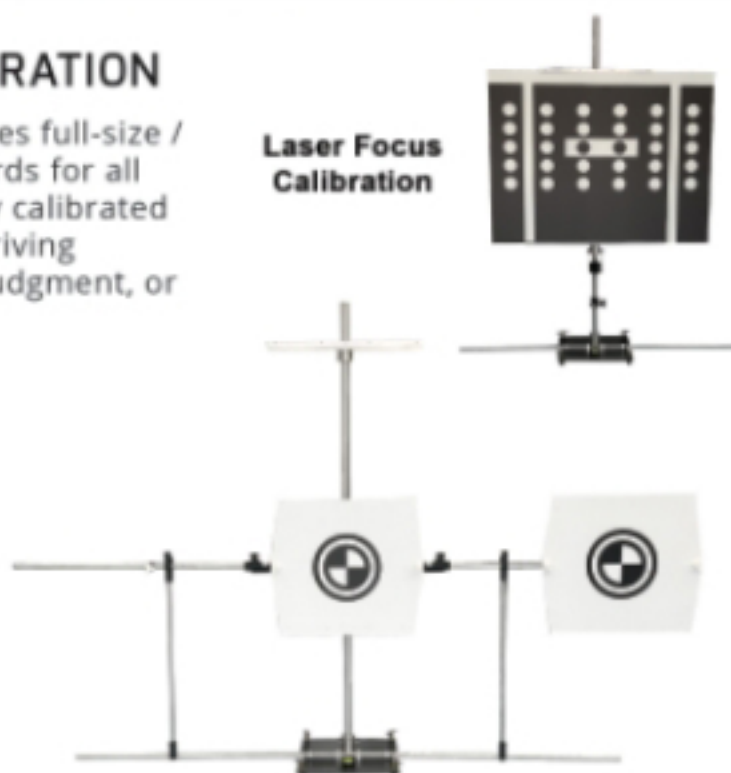

The PHC Inc. Brand of products is one of the largest manufacturers of auto glass removal tools and accessories. We sell worldwide to distributors in the AGR market.

PORTABLE ADAS CALIBRATION

The Portable ADAS system utilizes full-size / one-piece ADAS calibration boards for all Standard targets. An improperly calibrated ADAS can result in hazardous driving conditions, errors in real-time judgment, or even accidents. P/N: ADAS
